

Fair Value Assessment Outcome

2 December 2024

Carrier name Marsh Ltd t/a Victor Insurance, MS Amlin Insurance SE (UK branch)

The FCA Product Intervention and Product Governance Sourcebook requires product manufacturers to share information about their products with their distributors. The aim is to ensure all products sold provide fair value and good customer outcomes. In order to do so a product assessment is undertaken. Following the assessment a Target Market Statement and a Fair Value Assessment Outcomes is produced. Both documents provide insight into who the product is designed for, who the product is not suitable for, main heads of cover and how it should be distributed.

Broker name As set out in the TOBA with Marsh Ltd t/a Victor Insurance

Victor's Product Management Policy sets out standards by which all its products are reviewed. The review is undertaken in conjunction with capacity providers to fully understand the products value for its target clients. Product data, distribution methods and product governance are among assessment criteria. On completion of the review the Target Market Statement and Risk Assessment Outcomes are produced. These documents are available to Victor's brokers to ensure products are distributed correctly and fairly.
